PROFILE SUMMARY

With over 2 years of dedicated expertise in harnessing the power of the React JS web library, complemented by proficiency in TypeScript, NextJS, Node JS, Docker containerization, and AWS IaaS. My profile has spanned a spectrum of technologies, encompassing Redux for streamlined state management, Firebase for robust authentication and analytical insights, integration of Google Maps for enhanced user experiences, dynamic real-time chats through Socket.io and containerization via Docker for seamless hosting solutions. This dynamic journey has improved my knowledge comprehensively on these essential development tools.

Driven by an unwavering passion for growth, I embrace opportunities that provides knowledge and foster an environment conducive to both my learning and contribution.

COVER LETTER

To whom it may concern,

My name is Azeez Adewale, and I am a dedicated frontend web developer with a proven track record of successfully spearheading major initiatives and achieving project goals. I am thrilled by the opportunity to contribute my skills and expertise to your dynamic team.

Throughout my career, I have thrived in roles that require bringing order to chaos and strategizing goals to deliver successful outcomes. My experience in managing product goals, developing users first web applications and websites, adding values and initiatives to produce excellent products combined with my ability to create and execute UI roadmaps, has consistently led to effective project development and achievement of desired milestones.

I offer:

- Over 2 years of dedicated experience in frontend development, specifically in web development.
- Proficiency in using React JS, Next JS, Typescript, Docker containers and AWS Services.
- Experience in leading cross-functional teams and driving accountability among teammates.
- Strong organizational skills, attention to detail, and the ability to manage multiple projects simultaneously.
- A self-starter mindset, allowing me to prioritize tasks and collaborate effectively across departments.
- A passion for personal growth and development, embracing feedback as a means to continually improve.

Joining your team would provide me with the chance to contribute to an organization that values authenticity, creativity, and impactful projects.

Yours sincerely,

Azeez Adewale
